

**SECTION 725**  
**MISCELLANEOUS MATERIAL**

- 725.02**     **CALCIUM CHLORIDE, CALCIUM CHLORINDE FLAKES AND MAGNESIUM CHLORIDE** – Remove and delete entirely.
- 725.03**     **LIME** – Remove and delete entirely.
- 725.04**     **POZZOLANS** – Remove and delete entirely.
- 725.06**     **PRECAST CONCRETE CURBING AND WHEELSTOPS** – Remove and delete entirely.
- 725.07**     **CLAY OR SHALE BRICK** – Remove and delete entirely.
- 725.08**     **CONCRETE BRICK** – Remove and delete entirely.
- 725.09**     **CONCRETE MASONRY UNITS** – Remove and delete entirely.
- 725.10**     **CELLULAR CONCRETE BLOCKS** – Remove and delete entirely.
- 725.11**     **PRECAST CONCRETE UNITS AND ACCESSORIES** – Delete item (b) to (f) entirely.
- 725.12**     **FRAMES, GRATES, COVERS, AND LADDER RUNG** – Add the following to this subsection:
- All new frames, grates, covers, and ladder rung shall be hot dipped galvanized conforming to AASHTO M 11.
- 725.13**     **CORRUGATED METAL UNITS** – Remove and delete entirely.
- 725.14**     **PROTECTIVE COATINGS FOR CONCRETE** – Remove and delete entirely.
- 725.17**     **CAST IRON SOIL PIPE AND FITTINGS** – Remove and delete entirely.
- 725.18**     **SEAMLESS COPPER WATER TUBE AND FITTINGS** – Remove and delete entirely.
- 725.20**     **LIGNOSULFONATE** – Remove and delete entirely.
- 725.22**     **GROUT** – Remove and delete entirely.
- 725.24**     **COLOR COATING** – Remove and delete entirely.
- 725.25**     **EXPLOSIVES AND BLASTING ACCESSORIES** – Remove and delete entirely.
- 725.26**     **MINERAL SLURRY (DRILLERS MUD)** – Remove and delete entirely.
- 725.27**     **FOAM LINER** – Remove and delete entirely.
- 725.28**     **ALUMINUM-IMPREGNATED CAULKING COMPOUND** – Remove and delete entirely.

**725.29      REINFORCING FIBERS** – Remove and delete entirely.

Add the following subsection to read as follows:

**725.30      OTHER EMBEDDED ITEMS** - Unless otherwise noted, sleeves, inserts, anchors, and other embedded ferrous material in concrete that are exposed to weather shall be hot dipped galvanized after fabrication conforming to AASHTO M 111 or AASHTO M 232.

**END OF SECTION 725**
